DISPENSARY SHELVING

A PLACE FOR EVERY PRODUCT

Keep medicines and healthcare supplies visible, organised and easy to reach.

A well-planned dispensary helps staff see stock clearly, replenish shelves efficiently and maintain a professional workspace. The system combines double-slotted wall band uprights, adjustable brackets and compact shelves that can be repositioned as your stock mix changes.

Clearer access and stock visibility

Shallow 152mm shelves provide:

- Easy access & better isibili ty
- Keep track of stock and expiry dates.

Flexible shelf spacing

Move shelves up or down to suit different pack sizes, product groups or changes in your dispensary layout.

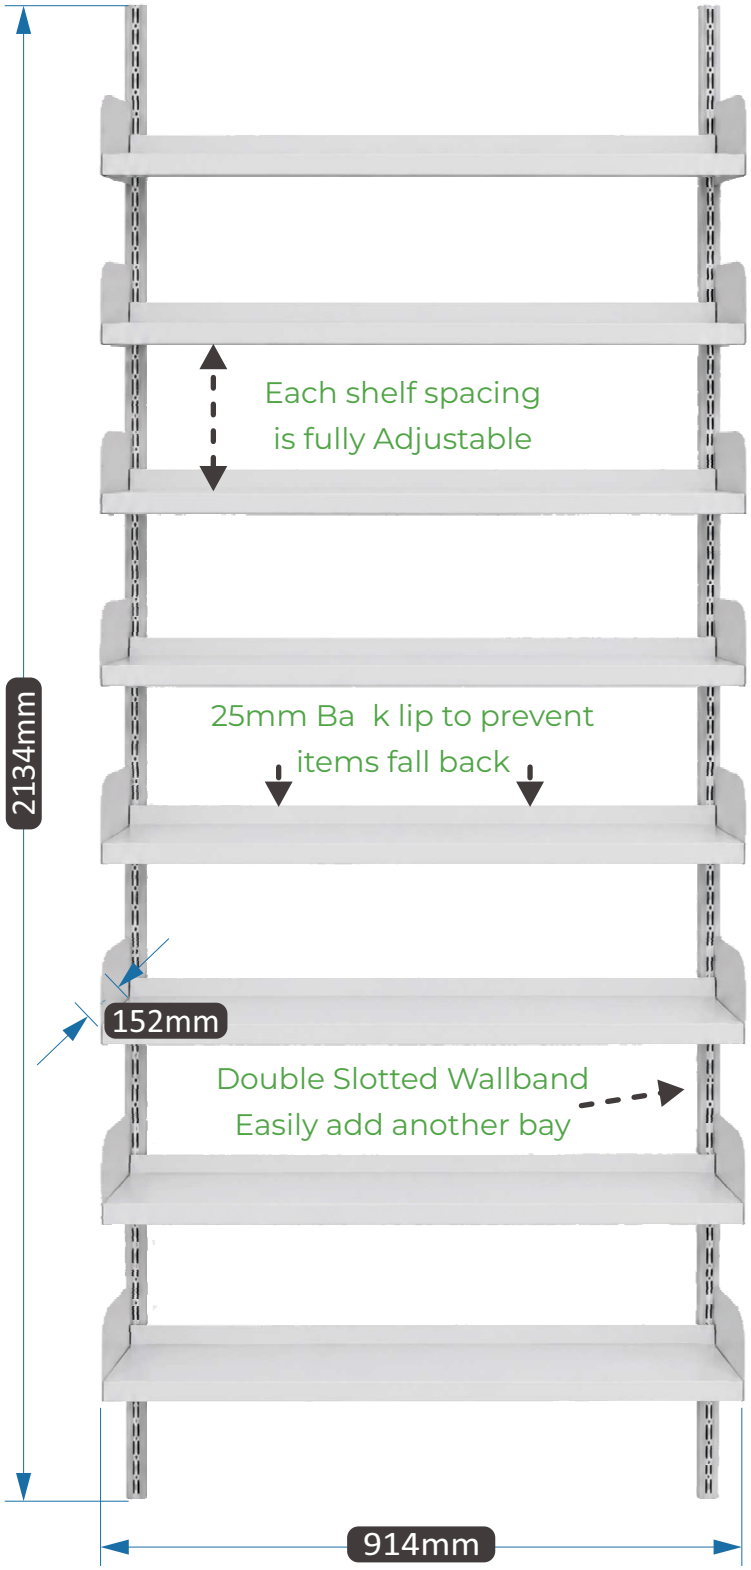

Rear lip (steel shelves only)

The rear lip of the shelves prevents medication falling down behind shelves or onto the shelf below.

Clean, professional finish

Choose powder-coated steel or white melamine to create a tidy, consistent storage area.

SMART STORAGE
CLEARER ACCESS
BETTER DISPENSING

DISPENSARY SHELVING

8-TIER STEEL SHELVING KITS

An all-metal solution with a clean white powder-coated finish.

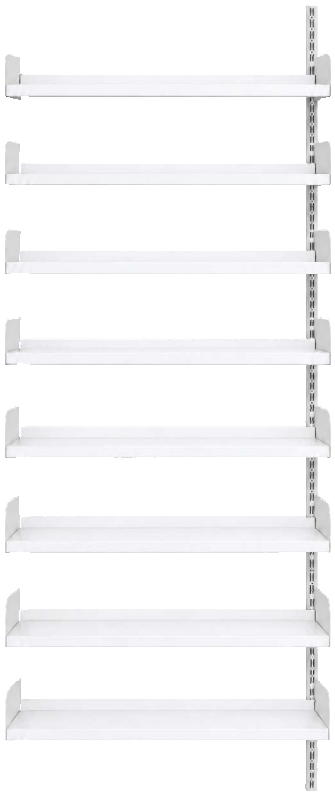

Starter Bay

Use this as the first bay in a run. It forms the starting section of your shelving layout.

Add-on Bay

Connect additional bays to extend the run as your storage needs grow.

Key Features

- Eight adjustable shelf levels.
- owder-coated white steel shelves.
- Back lip helps prevent products moving behind the shelf.
- Side-support brackets provide a secure fit.
- Suitable for new installations or extensions.

The steel shelves include a back lip, while the side-support brackets help keep products contained and neatly organised.

Designed for pharmacies, dispensaries, clinics, hospitals and medical storage rooms.
