Information

If in doubt, contact your supplier

- Read this guide thoroughly before commencing assembly and retain for future reference
- Before commencing assembly, unpack carefully and check that all components ordered are included
- Assembly should be undertaken by a minimum of two competent people
- Tools – Spirit level and 2 x Size 13 Spanners
- Assess for floor fixing. Tall narrow bays may require this to ensure stability
- We recommend products over 2000mm high are fixed to the wall where possible

Caution

During assembly, ensure that:

- Take care during assembly and in use, particularly when lifting or stretching & when using tools
- Wear appropriate clothing - protective gloves and footwear are recommended
- Build on a suitable level floor, which is strong enough to support the load and allow adequate working space
- Dispose of packaging materials responsibly

Warning: Rules for safe use of shelving/workstations/workbenches

- Ensure these instructions are retained for reference and that users are aware of the rules for safe use
- Never climb on the structure or stand on the shelving/workstation/workbench
- Do not lean or support ladders, steps, or other objects against shelving / workstation / workbench
- Always use safety steps to reach high shelves
- Load heavy items on the lower shelves & lighter items on the higher shelves
- This product is designed for hand loading only
- Ensure that the maximum load carrying capacities are not exceeded. Refer to the loading information

4 x Uprights

Heights: 1830mm / 2134mm / 2438mm

2 Gussets + 6 nuts & bolts per corner. NB: Tighten nut & bolts with fingers until step 7.

1

Fit the second leg.

2

Once the bottom shelf is on, calculate the spacing between each shelf and mark by inserting a bolt in each location.

3

Insert the other shelves.

4

Turn the unit over.

5

Fit the remaining 2 legs and secure all the shelves.

6

Stand the unit up. Check that the unit is level; horizontally & vertically. Using 2 spanners tighten all the bolts.

7

Nut & Bolt Shelving Assembly Guide

If you're assembling multiple Nut & Bolt Shelving units in a row, only install the nuts & bolts on the front and rear of each unit at first.

Once all units are in their final position, you can then fit the side gussets and secure them with
